P.36.	Para 2.	Line 1.	Insert [real or dummy] before [elephant].
P.37.	Para 12.	Line 3.	Delete [All others]. Substitute [Other regulars].
			Delete [Impetuous....bounds]. Substitute [, irregular twice, impetuous troops].
P.46.	Para 3.		Replace whole example with:

[2 elephants, each with Irreg"C" crew of 1 pike, 1 bow, 1 JS, and each with 2 LI bow fixed to its base, charge 6 Irreg"C" Thracian LMI with 2HCW, JS, 2 deep, and 16 Reg"B" MI pikemen 4 deep. The elephants throw -3 +3 for support shooting. Each elephant's crew archer and 2 LI counts as 4 @ 3 -2 (ending in contact), inflicting 6.
The elephants throw -4 +3 for hand-to-hand, the Thracians -2 +1, the pikes -3 +3.
The elephant against Thracians counts as 5 @ 2 +1 (charging) -1 (random), the pikeman crew figure as 1 @ 2 -1 (random), the JS crew figure as 1 @ 2 +1 (JS) -1 (random). Only 2 crew can fight, so nothing is counted for the archer. Elephant and crew inflict 10 + 1 + 2 = 13. The Thracians count 3 @ 3 +2 (JS) -1 (facing pike) -1 (shooting) -1 (random), and 2 @ 1 +2 (JS) -1 (facing pike) -1 (shooting) -1 (random), so inflict 6 + 2 = 8.
The elephant against pikes counts as 5 @ 2 +1 (charging) -2 (facing pikes) -1 (random), its pike crew figure as 1 @ 2 -1 (random), the JS figure as 1 @ 2 +1 (JS) -1 (random). Elephant and crew inflict 5 + 1 + 2 = 8. The pikes count 8 @ 1, so inflict 12.
The elephant unit has inflicted 21 and received 20 (1 CPF so 2 fatigue + 2 for charging). The Thracians have inflicted 8 and received 13 H-T-H + 6 shooting (3 CPF so 6 fatigue). This is more H-T-H, but not twice as many, so they recoil disordered and tired.
The pikes have inflicted 12 and received 8 H-T-H + 6 shooting (1 CPF), so halt steady.].
